Evo Skate Wooden Piano Dolly - 900kg Heavy-Duty Load Capacity

Product code: ESPD

The Evo Skate Wooden Piano Dolly is a heavy-duty unit designed for moving pianos and other extremely heavy items with control and confidence. Built with large-diameter wheels and a robust platform, it's well suited to professional removal and industrial handling environments.

- Moves very heavy loads with confidence – up to 900kg (see FAQ)
- Improved manoeuvrability for tight spaces - large 200mm elastic wheels
- Flexible handling options for different tasks – available with four swivel wheels, four fixed or two swivel and two fixed
- Handles bulky items securely on a stable 470 × 670mm wooden platform
