Heavy Duty 12tonne Adjustable Skate

Product code: SKADSK12HD

A professional adjustable skate for moving heavy machinery & industrial equipment loads of up to 12tonne (12,000kg) and designed for use with the HD steerable skates of the same rating. Actually two skates in one, bolted together via robust box section tubing with adjustable width.

- Helps to protect the floor via the large diameter rollers
- Load slippage risk is reduced via the rubber non-slip pads
- Other load ratings available

NB. Finish colour supplied may differ from that illustrated
