Steerable Machinery Skate 6tonne

Product code: SKSTSK6

A steerable skate for moving heavy machinery and rated for equipment loads of up to 6tonne (6,000kg).

- Helps to protect the floor via the large diameter rollers
- Load slippage risk is reduced via the rubber non-slip pad
- Easy to steer around tight bends due to the high quality thrust bearing under the platform
- Easier to manoeuvre due to the one metre draw bar
- Combine with the 6tonne adjustable skate to double the total load rating to 12tonne
- Other load ratings available. Also compatible with 12 and 24tonne adjustable skates

Please note: The finish colour supplied may differ from that illustrated.

Load plate area length	395mm
Load plate area width	210mm
Number of rollers	8
